INTRODUCTION

This is a first draft of the Home Economics Curriculum Guide for Level 7 prepared by Specialist Home Economics Teachers in collaboration with the Secondary School Reform Project. This document falls within the framework of making Home Economics accessible to all students at Level 9 and hence teachers of Level 7 students should make a conscious effort to see how best they could utilize the ideas contained to plan for instruction. This document can serve as a focal point for departmental and regional sub committee meetings, where methodologies and strategies for both teaching and assessing are deliberated on. Lessons should be delivered in an environment in which there is opportunity for active and creative participation by both students and teacher. This guide has a direct focus on an integrated approach to curriculum delivery, in which the teacher is not unduly restricted by the subject content. The student's total development as a person should be of foremost concern to the teacher. It is anticipated that school managers, teachers, students and parents will be very critical in their evaluation of this draft as it relates directly to the teaching and assessment strategies suggested, and indirectly to other issues contingent upon the goals of education. The evaluation can be shared with curriculum supervisors during the process of interaction in the implement phase.

MOHANDATT GOOLSARRAN

***Head, Curriculum Development and Implementation Unit
August 2002.***

ACKNOWLEDGEMENT

The following persons contributed to the preparation of this document:-

(a) **CLOTHING & TEXTILES**

- Leslyn Edwards-Charles - Convenor, Hopetown P.I.C.
- Lorraine Ross-Fernandes - Curriculum Writer, Wismar Hill Primary
- Carren Peterkin - Curriculum Writer, Golden Grove Secondary
- Indranie Dalchan - Curriculum Writer, Cotton Field Secondary
- Corrine Rutherford - Curriculum Writer, Mahaica P.I.C.
- Yvonne Rose - Curriculum Writer, New Amsterdam P.I.C.

(b) **FOOD & NUTRITION**

- Eleen Payne - Convenor, Cyril Potter College of Education
- Barbara Dowding - Curriculum Writer, The Bishops High School
- Marilyn Blucher - Curriculum Writer, Abram Zuil Secondary
- Dolores Benjamin - Curriculum Writer, Golden Grove Secondary
- Murlin English - Curriculum Writer, Mahaicony Secondary

(c) **MANAGEMENT**

- Dianna Wharton - Convenor, Christ Church Secondary
- Kathy Simon - Curriculum Writer, St. Joseph's High
- Thelma Holder-Bess - Curriculum Writer, Charity Secondary (Retired)
- Audrey Campbell - Curriculum Writer, Mahaicony Secondary

CLOTHING & TEXTILES

LEVEL 7

Topic	Skills	Knowledge	Understanding	Attitude	Content	Materials	Methods/ Strategies	Evaluation	Area of Integration
Introduction to Clothing		Define the term (i) Clothing (ii) Textiles (iii) State the reasons for wearing clothes (iv) Identify clothing suitable for different occasions	1. Discuss the basic principles which should guide the selection of appropriate clothing for different occasions 2. Explain the meaning of (i) Clothing (ii) Textiles	1. Select suitable clothing for formal and informal occasions 2. Develop an interest in Clothing and textiles 3. Appreciating clothing worn by different cultures	1. Definition of terms: (i) Clothing (ii) Textiles 2. Reasons for wearing clothes (i) Protection (ii) Modesty (iii) Attraction (iv) Identification (v) Status 3. Classification (i) Formal -ceremonial evening work wear. (ii) Informal -casual -sleep -sports -swim/beach	Flash cards – with definitions Pictures of persons dressed for different occasions Actual samples of clothing for different occasions Fashion magazine Home Economics for Secondary School BK 1 Caribbean Home Economics in Action Bk 1	Discussion Field trip to stores Display of garments Fashion parade Role Playing	Prepare a scrap book entitled “ <i>Clothing for different occasions</i> ” Commence preparation of dictionary of textile terms Report on field trip	Art-Drawing Garments for different occasion Social Studies -examining clothing worn by different cultural groups Reading English Language -Writing Definitions of Terms

Topic	Skills	Knowledge	Understanding	Attitude	Content	Materials	Methods/ Strategies	Evaluation	Area of Integration
Definition of Terms used in Textiles	<p>1. Examine a sample of woven fabric to determine its composition</p> <p>2. Use woven fabric on the correct grain when constructing articles and garments</p>	<p>(i) Define the term - textiles, fibre, yarn, fabric grain, warp weft, selvedge</p> <p>(ii) Recognise the direction of the grain on woven fabric</p>	1. Differentiate between warp and weft grain on woven fabric		<p>Definition of terms:</p> <p>(i) Textiles (ii) Fibre (iii) Yarn (iv) Fabric (v) Grain (vi) Warp (vii) Weft (viii) Selvedge</p>	<p>Woven fabric</p> <p>Text Book</p> <p>Home Economics for Secondary Schools BK 1</p> <p>Caribbean Home Economics in action BK 1</p> <p>Chart depicting samples of fabric with the various grain</p>	<p>Discussion</p> <p>Viewing Chart</p> <p>Examining fabrics</p> <p>Ravelling wool to examine yarns and bires</p>	Label a piece of woven fabric showing weft/warp and selvedge	<p>Reading Definitions</p> <p>Visual Arts Examining yarns</p>

Topic	Skills	Knowledge	Understanding	Attitude	Content	Materials	Methods/ Strategies	Evaluation	Area of Integration
Fabric Construction	<p>1. Examine fabric to determine the method of construction</p> <p>2. Use technique to prepare plain, basket and twill weave samples</p> <p>3. Prepare samples of simple braiding</p>	<p>(i) Name the methods of fabric construction</p> <p>(ii) List materials suitable for constructing fabrics</p>	<p>1. Differentiate between plain, basket and twill weave</p> <p>2. Recognise the importance of warp and weft thread in fabric construction</p>		<p>Methods of Construction</p> <p>(i) Weaving (ii) Knitting (iii) Knotting (iv) Netting (v) Bonding (vi) Laminating (vii) Felting (viii) Braiding</p>	<p>Samples of fabrics produced by the various methods of construction</p> <p>Cardboard, strips of paper, coconut branch, wool, microscope</p>	<p>Display of fabric or articles made from fabrics constructed by various methods</p> <p>Demonstration of weaving and braiding techniques</p>	<p>Prepare an item by using the weaving or braiding techniques learned</p> <p>Identify fabrics made by different weaves</p> <p>Working on Dictionary</p> <p>Display and discussion on Practical work done</p>	<p>Visual Arts</p> <p>- Weaving - Braiding</p> <p>Science</p> <p>- Examination of fibres</p> <p>Mathematics</p> <p>Measuring cardboard for samples</p> <p>Reading</p> <p>English Language</p>

Topic	Skills	Knowledge	Understanding	Attitude	Content	Materials	Methods/ Strategies	Evaluation	Area of Integration
Classification of Textile Fibres	1. Test fibres to determine the source	1. Classify fibres according to sources or origin	1. Distinguish between natural and manmade fibres	Select fabrics based on the results of tests carried out	Classification of Fibres: (i) Natural – Animal Wool Silk Plant Cotton Linen (ii) Man Made- Synthetic Cellulosics/ Regenerated Testing Fabrics – Burning tests Chemical Tests	Match, metal plate acetone, samples of fabrics-wool, linen, cotton, silk Home Economics for Secondary Schools BK 1 Caribbean Home Economics in Action BK 1	Discussion Observation Note taking Report writing	Produce a written report of results of tests	Science Tests for fabrics Reading English Language History Origin of fabrics

Topic	Skills	Knowledge	Understanding	Attitude	Content	Materials	Methods/ Strategies	Evaluation	Area of Integration
Cotton Fabric	<p>1. Obtain general information on cotton as a textile fibre</p> <p>2. Use correct procedure for laundering cotton fabrics</p>	<p>1. State a brief History of cotton fabric</p> <p>2. Name and identify cotton producing countries</p>	<p>1. Explain the processes in the production of cotton fabric</p> <p>2. Select cotton fabric with the appropriate finish for the garment or article to be made</p>	<p>1. Develop the ability to care cotton fabrics</p>	<p>Brief History of Cotton fabric Source of Cotton fabric Countries in which cotton is produced Process of Manufacture/ Production</p> <p>Properties of Cotton fabric Finishes given to cotton fabric Uses of cotton fabric Caring cotton fabrics Burning test</p>	<p>World map (blank) Samples of cotton fabrics Caribbean Home Economics in Action Home Economics for Secondary Schools BK 1 Metal Plate, fabrics matches Bk 1</p>	<p>Discussion Map work</p> <p>Simple burning</p> <p>Test</p> <p>Report writing</p>	<p>Insert areas in which cotton is produced on the world map</p> <p>Selecting cotton fabrics from an assortment</p> <p>Prepare a folder with different cotton fabrics</p>	<p>Geography Map reading</p> <p>History</p> <p>English Language</p> <p>Reading</p>
